

STACKERS FOR 2 1/2" HOSE MONSTER®

USER GUIDE

Item#: STA

OVERVIEW

Stackers enable the 2 1/2" Hose Monster® to be stacked up to three units high when flowing multiple hose streams. Two Stackers are required per stack of three Hose Monster®. A Ratcheting Tie-Down (Item#: RTD) is required to secure the stack together.

CAUTION: DO NOT STACK MORE THAN THREE HOSE MONSTER® TOGETHER

ASSEMBLY

- 1) Stack Hose Monster® two or three high. Insert a Stacker between each Hose Monster®.
- 2) Wrap Ratcheting Tie-Down around the Hose Monster® through the handles. Pass free end of strap through the slot in ratchet spool. Pull excess strapping through spool.
- 3) Pump ratchet handle until the Tie-Down is tight. Excessive tightening is not necessary and can cause damage.
- 4) Close ratchet handle to lock in place.
- 5) To release, depress spring loaded bar and open ratchet handle completely (180 degrees).
- 6) To re-activate ratchet, depress spring loaded bar before pumping ratchet handle.

MAINTENANCE

- Check the strap for frays or cuts. Replace as necessary.
- Wipe down the product with a damp cloth after each use to remove dirt and debris.
